The reason of this objection is because I feel I should be release on Bail on any condition that You feel reasanoble. I was take in to Custody by IC.E (U.S. Immigration and Custom Enforcement) and detained at Bristol County House Of Correction on September 16, 2019, immediately after been released from serving Six (6) Months Jail term. While being detainend in Bristol County I got diagnosed with (*high blood pressure, diabetes, high cholestoral, thyroid disease, fluid on my legs and shortness of breath*). I have reasons to beleve I have been contracted multiple times in the past with COVID- 19. I had interact wiht Correction Officers, Nurses, and Inmates/Detainee, that had test Positive for COVID - 19. I have gotten very sick in the past with high fiver, not being able to breath and passing-out due to my Medical condition, moving to another Facility do not stop me to get Sick again.

**I Poposed**

Due to this condiction above I respectfully ask the Court to release me so I could go Home and take care my medical condltion, and be in a Safe place with my Famaly.
